—Mr. E. P. Neal is our authorized agent at Sutton, and any contract for subscription, etc., made by him will be filled by us promptly and accurately.

—When you come to Circuit Court get Tracy to shoe your horse.

—Ben Hudson was up before his honor, Judge Ben Newton, last week on a charge of using insulting and abusive language. The Judge concluded that Hudson hurt the feelings of the other fellow to the amount of about \$5, and assessed him accordingly.

—When thinking of visiting Louisville there should be one thing made up in your mind, and that is that you will stop at the Standford Hotel. Everything is new and nice about the house, and is kept in the best of order. No better table is set anywhere; no better and more polite attendants can be found anywhere, and the fare is only \$2 per day. Be sure to go to the Standford.

—Mr. Luke Connel, engaged at Porter & Connel's saw mill at this place, while working on a trestle at the mill last Saturday morning, fell and bruised himself considerably. The worst wound, however, is that of his upper lip and nose. Dr. Griffin dressed his wounds, and he is getting along all right.

—That wonderful remedy for rheumatism, St. Jacobs Oil, has been used by a large number of people in this city, and with effect truly marvelous. Frequent reports are made where sufferers have been afforded relief, and the sale is growing largely. The fact that it is an external remedy, commends it to many who would not otherwise think of going out of the beaten track to find a remedy.—Milwaukee Sentinel.

—Horse thieves are getting in a great deal of work in all parts of the State. Citizens should organize vigilance committees and use every means in their power to bring the rascals to justice. The Western remedy of hemp without trial is the best that can be applied, but of course it is not to be recommended except as a last resort.

—Last Friday night a horse horse, the owner of which is not known, fell through the bridge, at this place, which is being repaired. The horse hung on the cross tie, and was rescued by some of the citizens of town. They put the horse in Carter's stable to await the owner. The Commissioners should be more careful, and close each end of the bridge so that stock or travelers cannot enter the same.

—A gentleman who traveled last week over the northern, eastern and southern section of this county, says never before did he know of the saving of so large an acreage of wheat, and never did he see it look so well as early in the season. The prospects for a fine crop next year are excellent, and if the farmers can bridge over this winter good times seem to await them in the sweet by and by.

—The work of stave unloading still goes on in almost every part of the county. In the Hough Creek flats above Hime's Mills, Noah Ford has two yards containing over 1,000,000 staves each, and on the railroad from Beaver Dam up the road is lined with staves. Besides the vast numbers of staves, which are of prime oak timber, the quantity of heading is enormous. This latter is made of any thing from black gum to the finest oak. The stave business will bring a great deal of money into the county.

—Mrs. Annie A. Hamilton, of Auburn, N. Y., writes: "I had doctored for years and tried various advertised remedies for my complaint, which was general prostration. I believe I suffered every ill that flesh is heir to. The least exertion caused the greatest fatigue. I was tormented with dyspepsia and every irregularity. My blood seemed poisoned, plagues and sores were all over my body; nothing I tried ever gave me more than mere temporary relief, and I felt myself growing worse and worse. Mr. Reynolds, the druggist, advised me to use Brown's Iron Bitters. From the very start I began to improve, now I do not feel like the same woman."

Central Grove Gravel.

November 19, 1881.

Editor Herald:

After a long silence I have again concluded to send you a few items from this place.

The health of the community is good at present excepting a few cases of chills and fever.

Miss Belle Miller, who has been confined to her room the most of the time since last June, is thought to be improving.

A very large crop of wheat was sown in this section, and is now looking nice and green.

Several farmers have been very busy for some time past, harvesting their corn, which has proved to be much better than was expected.

We have re-organized our debating society at the Grove and will meet every Friday night. Those that want to hear eloquence equal to that of Demosthenes or Cicero, come out.

Miss Belle Campbell, of Hockport, and Miss Belle Turner, of Livermore, are visiting friends and relatives in the community this week.

The Mrs. Rachel Turner, of Waxsaw, N. C., and her daughter, Mrs. Mary Turner, of Hockport, are visiting relatives in this vicinity.

Mr. W. J. White, of West Louisville, Daviess county, Ky., paid this community a short visit recently. Don't know but think he visited Centerville too.

Make a strategy conference took place at Mr. Thomas Williams' last Saturday night. The youngsters of the community gave an entertainment for Mr. Williams, and on going home Mr. Alney Thelmer found that his horse was gone.

He became uneasy for fear that some one had stolen it and a search was made and continued until morning without avail. As Mr. Thelmer was needing his animal very much he determined to try to get it again. Going to Centerville he learned that a certain young man, whose name I shall not mention—had rode the animal there to W. T. Hoar's to dance, and after the dance he went home with some young lady, leaving the animal there, and did not return to see what became of it. Quite a bad trick for the young gent as he did not say a word to the owner. A few more such as that and I think it will do to top off.

Hurry for Polly Ann Jones. Come again.

The Pay of Jurors.

Most of the people of the county do not know where the money comes from which the juror in our courts are paid. For their information, we state that the most of it is paid over to the Trustees of the Jury Fund by the County Clerk at Hartford, Ky., on or before November 1, 1881, or they will be forever barred.

The County Clerk, County Judge, Police Judge and Magistrates also pay over several hundred dollars annually which they receive from fines and taxes on petitions. Whenever there happens to be not enough money in his hands to pay the juror, the County Judge orders the Sheriff to pay over to the Trustee a sufficient amount of the State revenue to supply the deficiency, for which he is held to the Sheriff by the Auditor in his settlement.—*Interior Journal*.

## Tard of Thanks.

Truly dear teacher and little school-mate, who so kindly remembered me during my late illness, with such a basket of fruit, flowers, etc., I wish to return my sincere thanks. You can never tell, nor put in words how highly I appreciate them, and also the love I have for my dear little schoolmates. It matters not where I may be, whether assembled in Pleasant's garden, or alone in sorrow's chamber, you will ever retain a place in my memory, and if you are ever sick, may you be as kindly remembered as I have been, be the wish of your affectionate school-mate.
